THE subscriber by appointment from the Commissioner of Patents, is Agent of the U S Patent Office for the purpose of receiving and forwarding to the same all such models specimens of inventions and manufactures as shall be intended to be patented, or deposited therein which will be received and forwarded free of expense and risk to their owners and with all possible despatch The subscriber will prepare Caveats Specifications Assignments and all the necessary Papers and Drawings, will make researches into American and foreign works, for establishing the validity or utility of inventions and render advice on all legal and scientific matters respecting the same Patents secured in Europe and other countries

RUST PROOF IRON,

FOR

ROOFING WINDOW SHUTTERS, &c

THE subscriber beg to call the attention of all those interested in roofing to their GALVANIZED TIN PLATES and to the many advantages which they possess over all metallic and other substances hitherto used for that purpose possessing as they do the strength and firmness of iron without its liability to rust, having now been tested several years both in this country and in Europe They are also less subject to expansion and contraction from sudden changes of the atmosphere than common Tin Plate Iron Zinc &c or any other metal now used for roofing, and consequently form a much better and tighter roof, requiring far less frequent repair whilst the first cost is but a trifle more

The subscribers would also call the attention of all dealers and workers in metals to the many other purposes to which Iron thus protected may be applied In general terms it is applicable to all articles of iron which it is desirable to protect from the action of the atmosphere And they would especially call the attention of those interested to TELEGRAPHIC LINES, to the Galvanized Wire which is now almost exclusively used in Europe and which answers every purpose as a conductor of electricity, costing only about one half as much as copper and possessing equal durability with that metal

Having lately erected works in this city for the purpose of galvanizing Nails, Spikes Bolts Wire &c, they will be able to furnish any article which may be desired A supply of Plates (manufactured in Europe) constantly on hand from 16 to 32 wire guage GEO B MOREWOOD & CO

The Sugar-Coated Pills,

A NEW SARSAPARILLA PREPARATION,

To cure Diseases, Purify the Blood! To avoid them, keep it pure!!

That PREDISPOSITION which exposes the human frame to the infection and virulence of every class of disorders proceeds directly or indirectly, from a morbid state of the system caused by

IMPURE BLOOD.

HALSEY'S SUGAR COATED MAGIC LIFE PILLS The originator of the only true and genuine Sugar coated Pills, most respectfully informs the enlightened public, that this new and elegant preparation can be obtained only from advertised agents and at the proprietor's establishment No 323 Broadway N York—Price 25 cents a single box, 5 boxes for one dollar

G W LADD Agent for Bangor

Among the numerous remedies which stand expectant of the bar of public opinion none perhaps have acquired so great celebrity and extensive use in so short a time as this invaluable article—they have gained their high reputation, alone by their good works Those who once try them always use them again They are grateful to the stomach,—they improve the functions of secretion nutrition and circulation They restore digestion and appetite and create a natural warmth internally, which glow through the whole system, giving a greater vitality and animation The experience of thousands attest to their good effects After using them for a short time the hitherto wretched invalid finds that ill disagreeable and unhealthy humors have forsaken his system His digestive organs perform their proper functions, his blood regains its wonted purity the oppressive sense of weakness and pain departs, and his body becomes endowed with renewed strength and vigor—while the mind resumes its original vivacity and clearness Such are the results produced by Halsey's Sugar coated Pills, the mildest yet most effectual preparation of the class in use

In BILIOUS complaints costiveness, Indigestion, Dyspepsy, and all other disorders of the stomach they produce the most happy results For Sores, Boils Saltrheum, Tetter Erysipelas, Eruptions of the Skin Scrofulous complaints and many other like diseases arising from IMPURE BLOOD they have become highly celebrated Hundreds of certificates have been received from individuals who after having taken them for a few weeks, (according to the directions which accompany them) were cured of the most afflicting and obstinate *scrofulous affections* They give *Good Blood for Bad* [illegible] bottles of the boasted Sarsaparilla contain less of the true virtues of that valuable plant and are less effectual than a single box of these extraordinary Pills In Colds Coughs, Influenza, Sore Throat Headache Giddiness &c, they are recommended with entire confidence the relief in these cases is quick and permanent For Fever and Ague, Fevers, Asthma, Piles Loss of Appetite Dropsy Jaundice Worms, Lowness General Debility and many of the various other diseases to which the human system is liable they have proved an infallible remedy Their action on the bowels is of the mildest character, even *over doses* never cause griping or unpleasantness yet they are searching and efficient It is impossible by words to give an adequate idea of the great and good effects these pills produce and their superiority over every other remedy of a similar class a trial only will explain the wide difference The unhappy invalid after having *tested* but a *single box* of them will with joy for the unexampled change wrought in his health, bear testimony to their uncommon virtues

N. B The *coating* of *sugar* adds nothing to the great virtues of the Magic Life Pills, it is their uncommon powers in prompting health on which their merits stand, notwithstanding this they are the original sugar coated pills The proprietor made this valuable improvement to preserve their curative virtues entire as well as to render them pleasant to the taste, yet individuals of no integrity have counterfeited other pills coated them, and through feeble and silly pretension to a patent are distributing them about the country deceiving the public by disposing of them unjustly through the already acquired reputation and popularity of the genuine *Halsey's Sugar coated Pills*. In order to get the true and original sugar coated pills, see that the engraved signature (G W Halsey) is on the label of each box and buy only of advertised agents

Celebration of St. Patrick's Day.

On Wednesday, the 17th inst., St. Patrick's Day was duly honored in this city by processions, public religious services at the Catholic Church, and by public dinners.

The Bangor Catholic T. A. Society celebrated their seventh anniversary by a public dinner at the "Bangor Temperance House." The dinner was excellent, and reflected new honors upon the Messrs. Labaree, as successful caterers. The Society, with their ladies and several invited guests, filled the spacious tables, and partook with high satisfaction of an ample repast.

The following regular toasts were announced by the Toast Master, James Mahony:—

1st. The Day we Celebrate—The national festival of Ireland, commemorative of her triumph over pagan gloom—Never may it be forgotten, or its appropriate observances be neglected by the true sons of Ireland.

2nd. The 4th of July—The birth day of American Liberty,—the day of the triumph of freedom over the tyrant power—The day that gave to the world, that heaven-born truth, that all men are born free and equal.

3d. Father Mathew—Long will his name be cherished by the friends of virtue throughout the world—his noble efforts to remove the misery and vice of his countrymen, endear him to the heart of every friend of humanity, who will ever delight to do him honor.

4th. George Washington—Eminent as a Statesman, skilful as a General, distinguished as a true man—long will his memory live—long will his virtues be cherished—and ever may his pure and holy example be followed.

5th. The Repealers of Ireland—Their struggles are for humanity and right—may heaven prosper their efforts, and crown them with abundant success.

6th. Our Suffering Fellow Countrymen—Sad are our hearts at the terrible sufferings endured by our countrymen in Ireland—earnest shall be our prayers, and strong our efforts to extend to them the relief they need, in this, their hour of extremity.

7th. The American Contributors—They have become endeared to us by a still stronger bond of friendship—by their efforts to extend relief to our famishing brethren in Ireland—never shall we cease to remember their generous and noble philanthropy.

8th. The Public Press—The best guardian of the people's rights, and an important instrument of good when properly conducted—but a fearful engine of evil when under the control of evil and corrupt influences—may purity and ability ever characterize it.

9th. The Cause of Temperance—Framed on precepts of the word of God—aiming at the welfare of mankind—may it ever receive the hearty support of the patriot, philanthropist, and christian.

10th. The President of the United States—Clothed with high authority—may it never be abused, but relying upon the aid of Almighty power—may he in all his acts, aim at the promotion of the best interests of the people.

11th. The Governor of Maine—Elevated by the people to a station of great trust and responsibility—may he have an eye to the good of those who placed him in power—Good citizens always respect and honor a good Governor.

12th. The City of Bangor—May its rulers be men of worth and intelligence—and under the administration of just and righteous laws—may its prosperity be advanced—may every species of vice and immorality be driven from it—and the citizens prompt to advance the cause of virtue—upon which their interests depend.

13th. The Ladies—The better part of creation, always prompt in every good word and work—The Union with them is the *Union* we do not wish to have repealed.

The President of the Society, Mr. Edward Hefferan, made a neat address in which he highly complimented the Americans and particularly those who had honored the occasion with their presence. He gave as a toast:—

If heaven be pleased when mortals cease to sin,
If hell be pleased when villains enter in,
If earth be pleased when it entombs a knave,
All will be pleased when Rum is in his grave.

The invited guests were called upon and addresses were made by Dr. Perry, and Nathaniel Wilson, Esq., of Orono, John E. Godfrey, Esq., Mr. Sayward, Col. T. S. Kimball, F. Temple Wheeler, Esq., Doctor Barrett and others.

An hour or two was then spent in a very cheerful and social manner and a great many earnest suggestions and pointed toasts, and sallies of wit were produced, and gave great delight to the large company assembled. We are unable to transfer all these good things to paper and must content ourselves with giving only a few of the volunteer sentiments which have reached us.

By N. Wilson, Esq., of Orono—

Father Mathew and his teetotal children of Ireland and America.

By F. Temple Wheeler, Esq.—

St Patrick and those who reverence his memory.—As the Saint drove the Serpents from his country, may his Disciples banish from our country those miscreant spawns of that old Serpent, the Devil, the dealers in intoxicating drinks.

By W. T. Hopkins—

Ireland—May the American people as liberally and cordially extend the hand of charity to alleviate her suffering children, as did Ireland to succour and alleviate our Fathers at Plymouth.

By James Pendergast—

Stricken with admiration at the feelings manifested by our American friends, and their liberal contributions towards the relief of our suffering brethren in Ireland, may they prosper in all their undertakings and be repaid one hundred fold the next day of celebration.

By Richard Martin—

Ireland as she was—and as she ought to be, renowned for science, literature and arts, the nursery of Statesmen, Orators and Warriors.

By Col. Seth Labaree—

The Press—One of the mighty levers in the work of temperance-reform. They are twin-sisters, from whom we derive not only our freedom, but every other blessings which follows in its train.

By the Society—

Our worthy Host—for once he has taken an Irishman by storm, and like wise men, we submit to his terms of capitulation, God bless him, it is all an Irishman can say, what he says he means.

By Alexander M'Kinnon—

The members of the Bangor Catholic Total Abstinence Society—May they continue their labor in the cause of Temperance, until they banish king alcohol and his members out of this holy land of liberty.

By Daniel Fitzpatrick—

Stand King Alcohol
I have you subdued
You need not be astonished
Thank God it is true
Your decanters and glasses
You had drawn up in a row
I am sure I have banished them
With only one blow

By Michael Boyce—

The good wishes of the Bangor Catholic Total Abstinence Society is with Joseph Bryant Esq for the talented and gentlemanly manner in which he discharged his duty as Mayor during the two periods he was elected to that office by the temperance men of this city.

By Patrick M'Weeny—

The memory of George Washington who so gloriously obtained the Independence of the country, may his example be followed by those who are laboring under the yoke of despotic oppression and may the sons of the Emerald Isle be ready at a call to stand up in defence of the rights of the glorious republic as they did under him.

By M. Boyce—

The thanks of the Bangor Catholic Total Abstinence Society are returned to those invited guests who have honored us with their presence on this occasion may they live long to behold the growth of Temperance in this city.

By Miss Miles Labaree—

Father Mathew, the George Washington of the Emerald Isle—Future generations, yet unborn, will early learn to reverence the fame of him, who had only to appeal to the heart of an Irishman to cause him to throw away the shackles that once bound him to the poisoned chalice, and be all that an Irishman should be, brave, generous, and upright;—whilst, to the latter, the tear of gratitude will fall, or blessing them with a home, where merit, takes the precedence of wealth, and industry withholds not from her treasury, the beautiful fruits of the season.

By Francis Morgan—

My Toast on this occasion is a sincere wish for the health prosperity and good fortune of the Hon Henry Clay and Mr Prentiss who so nobly spoke in behalf of our suffering countrymen at their meeting in the city of New Orleans, this conduct indeed is worthy of our highest admiration, may they long live the unequal Statesmen of this glorious republic.

By Patrick Heffran—

To the Bangor Catholic Total Abstinence Society they have this day celebrated their seventh anniversary they have gained many victories over prejudice and alcohol, may they live to see these two voracious serpents out of this country.

The company separated at a late hour in the afternoon highly gratified with their entertainment, and all mouths filled with the praises of the host who had provided the dinner.

The Hibernian T. A. Society, celebrated the day by a public dinner at Market Hall.—The dinner was provided by Mr. C. B. Merrill, the popular landlord of the Market Eating Rooms. It was an elegant and varied fish dinner, with large and agreeable accompaniments.

After a full discussion of the feast, the Toast Master announced the following Toasts:—

Regular Toasts.

1st. St. Patrick's Day—On the next return of it, may our Shamrock flourish fair, the monumental Marble record Fitzgerald's virtues, and the Epitaph of Emmet be inscribed by a freeman's hand.
Air, Patrick's Day.

2nd. Ireland—Green gem of Ocean's ring, may your regenerated harp once more be struck to the sound of joy, and your hills and dales echo with the shouts of emancipated men.
Air, Sprig of Shillalagh.

3d. America—Land of peace and plenty, may thy inhabitants continue to emulate the example of their Fathers, and may the hand of despotism and tyranny never disturb their happiness.
Air, Hail Columbia.

4th. The memory of Erin's virtues, and Patriots who preferred death to the endurance of despotism.
Air, Oft in the Stilly Night.

5th. The President and Vice President of the United States and the members of Congress, their motto, Union of the States, no foreign alliance and an orderly observance of the Laws.

6th. Liberty of the Press, and toleration of Religion, sure pledges of an enlightened, free, and virtuous people.
Air, Hail Columbia.

7th. The American Eagle—Fostered under thy wing, we'll die in thy defence.
March to the Battle field.

8th. Erin—Gifted by nature with all that could render man happy, but by British oppression rendered most miserable, may the last yell of her cruel tyrants soon be heard.
Garryowen.

9th. The memory of the Patriarch of American Freedom, Benjamin Franklin. Where liberty dwells there is my country.
Home, Sweet Home.

10th. The memory of Washington the great and good—some may equal, but none can excel.
Hail Columbia.

11th. The memory of General Montgomery, and other Irishmen who shed their blood in support of American Independence—May their glorious examples ever animate the sons of Erin who seek to enjoy in the land of their adoption the blessings denied in the land of their forefathers.
Air, Oft in the Stilly Night.

12th. Daniel O'Connell, the renowned Irish Jurist—May his efforts never cease until he achieves the independence of his country.
Garryowen.

13th. Erin's lovely daughters and their sisters of Columbia—The sweet inspirers and reward of patriotism.
Air, Rory O More.

The President of the Society, P. Dwyer, after a brief address gave,

O'Connell, the great agitator, for his country's freedom—May his stentorian lungs burst the shackles of British tyranny and may Ireland smile unfettered on her patriotic son.

Addresses were made by Mr. Sayward, T. S. Brown, Samuel Garnsey Esq., Col. Alexander Drummond and other invited guests, and by several of the society.

Letters were acknowledged from Gov. Kent and the Mayor.

The Society voted as a reply to the suggestion of the Mayor that he declined attendance on account of the want of harmony and unity in the celebration, that the Society is believed to be conducted in harmony and that the members are well united and perfectly satisfied with their own laws and regulations.

A vote of thanks was passed to Gov. Kent for his kind attentions, and sentiments expressed in his letter. Also to the invited guests present, on the occasion, and who contributed so much to its enjoyment.

A large number of volunteer toasts were given but we have only collected a small number.

The American Irish—Thrifty shoots from European stalks. Truly the new world has a luxuriant soil!

By Patrick Ford,

Ireland—The living monument of British tyranny, misrule, and oppression, the blood of her innocent martyrs cries to heaven for vengeance which a retributive justice will sooner or later visit on the heads of the British Oligarchy, the soulless monsters who, like Shylock, seek their pounds of flesh next the heart of their oppressed and starving victims.

By Capt. Jacob Drummond,

Father Mathew, the modern Saint of Ireland—May his efforts to exterminate alcohol from the emerald Isle, be as successful as those of St Patrick in exterminating the snakes.

Old Ireland—A mother country that raises children for the world, may she never have occasion to blush for her offspring.

Moral and Legal Suasion—The first for the slave of appetite, and the last for the slave of avarice.

By R. Claxton,

Before the next anniversary of our patron Saint, may the green Isle of our birth be as free from British tyranny as the land of our adoption, and may the American Eagle, entwined by the Shamrock, always keep John Bull at a respectful distance.

By Patrick Wall,

Here is that hospitality which may be always found among the free sons of Columbia, who have shown their liberality towards the destitution of the suffering Isle, Ireland, the land of my birth.

Mr Merrill, of the New Market Victualling Cellar—The deep interest manifested in the subject before us shows clearly that he well understands getting up a fish story.

Several songs were sung in exquisite style by the President, and other members of the Society.

The music by the newly formed Band, was excellent, and which has greatly raised the reputation of the Band, this being their first public appearance.

Several joyous hours were spent at the table, and when the company separated every man seemed to be fully satisfied that it was an occasion long to be remembered.

The Pauper's Death bed.

BY MRS. SOUTHEY.

Tread softly—bow the head—
In reverent silence bow—
No passing bell doth toll—
Yet an immortal soul
Is passing now.

Stranger! however great,
With holy reverence bow;
There's one in that poor shed—
One by that paltry bed—
Greater than thou.

Beneath that beggar's roof,
Lo! death doth keep his state;
Enter—no crowds attend—
Enter—no guards defend
This palace gate.

That pavement, damp and cold,
No smiling courtiers tread;
One silent woman stands
Lifting with meagre hands
A dying head.

No mingling voices sound—
An infant wail alone;
A sob suppressed—again
That short, deep gasp, and then
The parting groan.

Oh! change—Oh! wondrous change—
Burst are the prison bars—
This moment *there*, so low,
So agonized, and now,
Beyond the stars!

Oh, change—stupendous change
There lies the soulless clod:
The sun eternal breaks—
The new immortal wakes—
Wakes with his God.

Franklin, In., March 19, 1841.

Dr. D. Jayne—Your medicines have been in nearly every case successful, especially the Expectorant. I have received much benefit from the use of it myself, and one of my nearest neighbors, who had been afflicted from childhood with the Asthma so severely as nearly to suffocate him during the paroxysms which returned about once a week, has been, to all appearances, permanently cured.

FOSTER'S MOUNTAIN COMPOUND seems to be the only article for the Hair, in which the public has placed implicit confidence. Its "powerful *tonic*" and peculiar efficacy in the reproduction of the hair, aside from its virtues in giving richness and a *lasting moisture*, longer than any thing else can, give it a preference with both ladies and gentlemen, over every other article heretofore invented for the toilet.

Nothing is like it in appearance or composition. It is adapted pathologically to the cure of all diseases of the hair and skin; an essay with an illustrative drawing, showing the structure of the skin and hair, with directions, is enclosed with each bottle. Sold by Messrs. A. P. Gould and Geo. W. Ladd, (Druggists,) only agents.

Death of an officer.

Lieutenant Charles E. Jones died on board the steamer St. Joseph, in this port yesterday morning. He was on his return from the seat of war in Mexico. Lieutenant Jones was second in command of Captain Bishop's company of Illinois volunteers, and attached to the third regiment.—St Louis Republican, March 5.

The Quincy (Ill.) Whig says that many fears are expressed by the farmers that the young wheat crop has been winter killed. Many entire fields will not yield enough for seed. The same opinion is expressed in other quarters.—St Louis Repub. March 4.

The "Tribune" insinuates that Col Benton has been treating Mr Secretary Marcy rather cavalierly. The "Tribune" says:

"Mr Secretary Marcy, deviating from the routine of his Department, himself directs the commission of Major General to Mr Benton, with some complimentary expressions intended, doubtless, as a sop to Cerberus. Col. Benton returns the commission, after he had contemplated it long enough for his own gratification—to the Adjutant General—from whose office it should properly have emanated—thanking the Adjutant General at the same time in courteous language for his kindness in forwarding him the commission.

"Many would consider this contemptuous, intentional neglect of Mr Secretary Marcy's claim to consideration a grosser insult to that officer, than a return of the commission to him directly, accompanied by opprobrious language,—so, we learn, the irate Missourian intended it; so, the offended Secretary received it. We trust the peace will be kept between them."

DR. E. CRAIN'S

PATENT

Spino Abdominal Supporter!

THE subscriber having purchased the patent for the sale of the *Spine Abdominal supporter*, invented by *Dr. E. Crain, of Springfield, Vermont*, is now prepared to offer to the Bangor public, and has for that purpose established a *Depot in this City* for the sale of the instrument at HALL & YOUNG'S, No. 4 Smith's Block. From the high testimonials in its favor, which the subscriber is enabled to present, it is confidently hoped it will soon become as extensively known and as highly appreciated in this city, as it has for some time past been in New York, New Hampshire and Vermont, where its merits have been fully tested and acknowledged, before offering it for sale in this city. In addition to the testimony of the most distinguished physicians and surgeons of New York, the subscriber has submitted the instrument to some of the most experienced members of the Profession *in this city*, for inspection and it has received their approbation.

This instrument is designed for persons of sedentary habits, stooping postures, round shoulders, &c.; and all who are occupied more or less with sedentary pursuits will receive great benefit from the use of this instrument, as well as those for whom it is *particularly* designed.

The subscriber invites the attention of persons afflicted with weak spines, and general debility, to this instrument, at No. 4 Smith's Block, as it is verily believed to be the finest application ever invented. They are worn by those disposed to consumption or the advantage they give in expanding the chest and giving the lungs free action.

The instrument will be accompanied with pamphlets giving directions for the use of the same, together with certificates from the Medical Faculty and patients.

Physicians and Surgeons from the surrounding towns are invited to an examination of this instrument.

Instruments may be had by calling on the subscriber, at the Hatch House, where he will remain for a few days.

Said farm contains eighty-four and a half acres, and is under a high state of cultivation, produces forty tons of hay, has abundance of wood of second growth, a good front privilege for picking up drift wood, and an unfailing source of river mud, an approved kind of manure—is as well fenced and has as good orchard as any farm in Waldo County—has a young orchard of choice grafted fruit trees. The house, barn, and other buildings are extensive and nearly new, built of the best materials and finished in a workmanlike manner, with a first rate cellar and foundations.—The house and barn are supplied with water through an aqueduct of lead pipe, and the cellar contains tanks capable of holding two thousand gallons of water.

The above farm has a large interest in the best Steam-Mill Privilege on the Penobscot river, is situated about two miles and a half above Frankfort Village, the head of winter navigation and the best potato market on the Penobscot river. The neat stock, farming tools, spare fencing, &c., will be sold with the farm. Terms of payment liberal.

HALE'S PURE RUBBER MACHINE BELTING,

For Sale by LUKE C. CHILDS, 67 Water St.,
BOSTON.

THE above superior article is fast superceding the use of Leather Belting, as for most purposes it is in every way better. Its good qualities are that no degree of moisture will affect it, and it will bear almost any degree of heat. It is of equal width and thickness throughout, and requires only one lacing in the longest belt. Practical mechanics, who have used this particular manufacture, think there is a gain of 15 to 25 per cent. in the movement of the machinery, as it is perfectly flexible and runs with much less strain upon the pulleys and drums.

Also for sale as above—HOSE, and other Goods of Rubber material. 1aw6m feb 23

DR. DAVIS'S COMPOUND SYRUP OF
WILD CHERRY and TAR,
FOR THE CURE OF

Pulmonary Consumption, Coughs, Colds, Asthma, Influenza, Bronchitis, Pleurisy, Difficulty of Breathing, Pains in the Breast or Side, Spitting of Blood, Croup, Hooping-Cough, Palpitation of the Heart, Nervous Tremours, &c.

☞ In introducing this medicine to the public, we deem it proper to state for the information of those at a distance, that it is the preparation of a regular graduate of the University of Pennsylvania, a physician of twenty years' practice. To show the standing of Dr. Davis, and the character of his medicine, we offer the following editorial notices from newspapers of Philadelphia:—

From the American Sentinel, Dec. 16, 1845.

In our advertising columns will be found a notice of Dr Davis's Compound Syrup of Wild Cherry and Tar. In Dr D. we recognize a respectable physician of this city, and we have had placed before us, and shall publish, from respectable citizens, the most satisfactory evidence of the extraordinary virtues of his medicine.

From the Spirit of the Times Dec 15, 1845.

We ask attention to the advertisements of Dr Davis's Compound Syrup of Wild Cherry and Tar. Dr D. is a respectable physician of this city, of many years' practice, and his medicine is supported by most ample and satisfactory testimonials.—Among the certifiers we observe the names of a number of well known and respectable citizens.

From the Christian Repository Dec 13, 1845.

We insert in another column an advertisement of Messrs. Robinson & Collins of this city, to which we take pleasure in calling the attention of our readers. We do this more especially from the card of Bro. Barnes which is appended to it. Bro. B. is a member of the M. E. Church in good standing, and those who know him personally (as we do) have the fullest confidence in any statement he may give of the efficacy of any medicine which he may have tested.

From the Phila. Daily Keystone, Nov 29, 1845.

A Valuable Medicine.—On Monday, we will commence publishing a series of testimonials in favor of a new and popular medicine for pulmonary diseases—Dr Davis's Compound Syrup of Wild Cherry and Tar. We are happy to say that we are personally acquainted with that respectable physician, as well as with a number of the certifiers, who are gentlemen of respectability and every confidence may be placed in their statements. It strikes us that a medicine under such auspices, is entitled to the attention of the afflicted.

From the Native Eagle Dec 1, 1845.

We refer our readers to our advertising columns for a notice of Dr Davis's Syrup of Wild Cherry and Tar, for affections of the Lungs; a seasonable desideratum at the present juncture, when old Boreas has so suddenly laid his rough hand upon us, scattering coughs and colds about our land. Other certificates will be continued from day to day. We may add that we are acquainted with Dr Davis, and also with a number of the persons who testify to the good effects of the medicine, and can vouch for their respectability, and its genuineness.

The above medicine may be procured of Messrs. Brown, Chapin, & Whittier, Nos. 15 and 16 Commercial street, Boston, and also of Messrs. HALL & YOUNG, No. 4 Smith's Block, Bangor, Agents for this section of the State.

CONSUMPTION CURED!

BUCHAN'S HUNGARIAN BALSAM OF LIFE.

MON DROIT

THE

GREAT ENGLISH REMEDY

for Colds, Coughs, Asthma, and other Diseases of the CHEST and LUNGS.

BUCHAN'S HUNGARIAN BALSAM, the Great Remedy for Pectoral and Pulmonary diseases, standing unrivalled and unsurpassed as the great, reliable, and effectual curative of these complaints, now known to the civilized world. [illegible] years of trial in the United States during which it has been distributed from Maine to [illegible], it has received to establish its pre-eminent merit [illegible] the country, as the great and ONLY RELIABLE REMEDY for [illegible] of Pulmonary disease, and the most [illegible] the slight forms of [illegible] cough and inflammation, that can possibly be [illegible].

[illegible]ING OF BLOOD. This frightful symptom of [illegible] consumption is speedily arrested and [illegible] by the use of Buchan's Hungarian Balsam, [illegible] the affected membrane, removes the inflammation and restores the vital organs, the [illegible] healthy condition. *[illegible] THIS!* [illegible] of Blood always arises [illegible] tendency to [illegible] disease, and if not [illegible] the outset will sooner or later [illegible]. A person who raises blood once, will raise [illegible] unless a proper curative is immediately [illegible].

PAIN IN THE SIDE! This distressing symptom of [illegible] arises from inflammation of the Lungs, or [illegible] called the Pleura, or from Bronchial [illegible] air-passages. In either case it is a [illegible] of disease. It prevents full [illegible] breathing and wears away the natural strength [illegible]. The cause of this symptom should be [illegible] once, and nothing can possibly effect that [illegible] readily and happily as the Great English [illegible] discovered by Dr Buchan which is entirely [illegible] in its ingredients, and perfectly harmless to all its [illegible].

LIVER COMPLAINT. In cases of Consumption the Liver is always more or less affected, and also the Spleen, Pleura, and small intestines. On dissecting [illegible] consumptive patients, Tubercles are often found in [illegible] organs, particularly upon the Liver, which also [illegible] fatty, oily and swelled. The effect of the [illegible] Balsam in diseases of the Liver, especially [illegible] of ulcerous nature is perfect and powerful [illegible] disease of the Liver, unattended by Consumption is [illegible] by its use.

WINTER COUGH. The harsh, dry, hacking winter cough which afflicts old people, and invalids in a low state of health is happily affected by the Hungarian Balsam.

It warms, moistens and stimulates the whole breathing apparatus, removes all morbid mucus and other foul matter, purifies and ameliorates the blood, improves the secretive power of the Liver, Spleen, and other glands, and the digestive organs, and imparts new [illegible] the whole emaciated system.

BRONCHITIS. Bronchitis, Difficulty of Breathing, [illegible] Cough, a slimy expectoration, with all other [illegible] symptoms caused by an affection of the air tubes leading from the throat to the lungs, are directly and specifically [illegible] by the use of this admirable remedy invented by Dr Buchan.

[illegible] This is a very painful, wearing and injurious complaint and always has a powerful tendency to inflame and soften the lungs, and thereby to induce the worst form of Pulmonary disease. Be warned in time ye afflicted! and employ this valuable remedy.

TUBERCLES ON THE LUNGS! The Hungarian Balsam is the only popular remedy which has any power to dissolve, remove, and cure Tubercles in the Lungs. Incredible as this is generally esteemed, we have the most abundant and conclusive evidence to sustain the assertion that such is its direct and immediate effect, in all cases where there is no natural organic defect. In fact so confident is the American Agent of its power to cure the worst form of this disease that [illegible] he has frequently stated,) that it should be used by invalids who have been *PRONOUNCED INCURABLE* by the most eminent [illegible] rather than by persons affected with [illegible] form of disease—in order that its [illegible] might be more apparent. He boldly declares that it will cure Tuberculous disease and confidently [illegible] the *worst of cases*.

EXPECTORATION. Free Expectoration is the most important object to be attempted in all attempts to cure diseases of the Chest and Lungs. The Cough, which is so distressing, is simply the result of a desire to expectorate, and as long as foul matter exists in the air passage it will continue to irritate the membrane and provoke a cough. Coughing is an attempt to throw off this matter, and expectoration gives great relief. Inability to expectorate in the latter stages of Consumption is the cause of death.

The Hungarian Balsam is a great Expectorant—It dissolves the morbid and diseased matter in the air passage, changes it from a thick, glutinous substance, to a thin harmless fluid, and throws it off with the greatest possible ease and comfort to the patient. There is no better medicine in the world, if its expectorant qualities alone be considered.

SPASMODIC ASTHMA. Simple or Spasmodic Asthma has no better remedy than the Hungarian Balsam. This painful and destructive affection which resists almost every thing else, yields to the all powerful influence of this great remedy, as readily as any other form of Pectoral disease.

CONSUMPTION! Consumption has been graphically described as a "*Shrinking of one's self*." The Hungarian Balsam by its cleansing, warming, [illegible] and animating power, produces, not shrinking but *expansion*.

Before its delightful influence all chills, fever, night sweats, costiveness, blueness of the nails and flushed skin, an uncertain strength, emaciation and decline—disappear, like the poisonous dews of night before the glorious morning sun! This is no [illegible] but demonstrable fact sustained by incontestible proof from all parts of the country.

BE WISE TO DAY! Delay in any case of Consumptive tendency, is emphatically Death. Under all ordinary treatment, the Hungarian Balsam is a true ANTIDOTE, as well as CURATIVE. If you have any symptoms above described be advised in time.

MY EAU LUSTRAL HAIR RESTORATIVE.

This universally approved and admired article, free from ardent spirits pungent essential oil and other destructive materials, cleans the hair expeditiously, renders it beautifully bright, and imparts to it the delicate fragrance of the flowers. Hair washed with this Eau Lustral soon becomes pleasingly soft, and luxuriant in its growth, and it will positively bring in New Hair on Bald Heads by its use, and hair that has been made harsh and is turning grey or falling off, by the use of spirit or other improper preparations, will soon be restored to its natural color and brilliancy, by a few applications of the Eau Lustral.

It is a preservative against Baldness, and an infallible cure, in all the affections of the skin on the Head, as Dandruff, and in preventing the falling off of the Hair, and turning grey.

It is the aroma produced and immediate extract of some plants [illegible] for the hair, endowed with properties so highly cleansing that it dislodges the epidermis and capillary tubes of the corrosive action of the perspiration and of the dry and hard particles that it [illegible]. This preparation purifies the hair, gives to it a beautiful gloss and softness, and an agreeable and vivifying perfume.

To the Beautifiers of the Complexion.

SURPRISING EFFICACY.—MY EAU DIVINE DE VENUS AND NYMPH SOAP, compound of an Eastern Balm, [illegible] discovery of [illegible] for rendering the Skin Soft and Fair, as well as imparting a DELICATE ROSEATE HUE to the complexion.

As a creative and conservator of that most distinguished charm of Female Loveliness, a transparent, fair skin, Jules Hauel's Nymph Soap, or Eau Divine De Venus, may be said to exert an almost magical power. Compounded for the most part of Oriental Balsamic plants to the utter exclusion of all mineral admixture, it is distinguished both for its extremely bland, purifying and soothing action on the skin, and, by acting on the pores and minute secretory vessels, expels all impurities from the surface, allays every tendency to inflammation, and by this method alone, effectually dissipates all redness, tan, pimples, freckles, sunburn, and other unsightly cutaneous visitations, so inimical to female loveliness. Its use will change the most bilious complexion into one of radiant whiteness, while on the neck, hands and arms, it bestows a delicacy and fairness which its continued use will happily protect, with every appearance of youthful charm to the most advanced period of life.

TO THE LADIES IN PARTICULAR.

MY DEPILATORY POWDER has been found highly beneficial and of great use to ladies who have been afflicted with superfluous hair, particularly when its growth has been confined to the upper lip and side of the face, giving a masculine turn to the whole features. When used with proper care, and according to the directions, it will be found to be a great addition to the toilet, as the use of any sharp instrument is entirely avoided, and the hair is removed in five or ten minutes after its application.

This composition is infallible, and warranted to remove superfluous hair. After numerous trials I have received certificates of success which cannot be contested.

The oven is extremely large, being of sufficient capacity to admit six large pie plates or six loaves of Bread, or even the largest pudding or bean pots in use at the same time. In addition to the advantages it has over other Stoves for boiling, baking, washing, frying, heating irons, &c, it is acknowledged by all who use them that they have the best arrangement for Baking and Roasting that has ever been in use, the steam (from all the cooking) being carried off effectually. This Stove being composed of two parts can be disconnected in one moment's time, so as to make two perfect Stoves which is of great value in warm weather as the summer stove which makes a handsome parlor stove [illegible] the setting or dining room—and the other part in the back kitchen for Boiling or Washing, and in the fall of the year the two parts may be connected together as is represented above. In fact it is impossible to tell one half of the story about this Stove, and all who feel interested to get a first rate Cooking Apparatus are respectfully requested to call at our Store and examine the above where will be found a first rate assortment of Cook Stoves, Ranges, Hot Air Furnaces and Fixtures, Tin Ware, Sheet Lead, Pumps, Lead Pipe, Fire Frames, &c.

WISTAR'S BALSAM OF WILD CHERRY THE GREAT REMEDY

CONSUMPTION,

AND the best medicine known to man for Asthma of every stage, Liver Complaints, Bronchitis, Influenza, Coughs, Colds, Bleeding of the Lungs, Shortness of Breath, pains and weakness in the side, breast &c and all other diseases of the

PULMONARY ORGANS.

A very important disease over which this Balsam exerts a very powerful influence, is that of a

DISEASED LIVER.

In this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed, and in numerous instances where patients and endured long and severe suffering from the disease without receiving the least benefit from various remedies, and when MERCURY has been resorted to in vain, the use of this Balsam has restored the LIVER to a healthy action, and in many instances effected

PERMANENT CURES,

after every known remedy had failed to produce this desired effect.

Opinion of a Regular Physician.

Exeter, Me, Sept 30, 1845

This certifies that I have recommended the use of Wistar's Balsam of Wild Cherry for diseases of the Lungs, for two years past, and many bottles to my knowledge have been used by my patients, all with beneficial results. In two cases, where it was thought confirmed consumption had taken place, the Wild Cherry effected a cure.

E. BOYDEN, Physician at Exeter Corner.

NO QUACKERY! NO DECEPTION!

All published statements of cures performed by this medicine are in every respect TRUE.

BEWARE OF COUNTERFEITS AND IMITATIONS. The unparalleled and astonishing efficacy of Dr Wistar's Balsam of Wild Cherry in all the diseases for which it is recommended, curing many cases after the skill of the best physicians was unavailing, has effected a large and increasing demand for it. This fact has caused several unprincipled counterfeiters and imitators to palm off spurious mixtures, of similar name and appearance, for the genuine Balsam.

Be careful and get the genuine DR WISTAR'S BALSAM OF WILD CHERRY. None genuine unless signed by I BUTTS. Address all orders to SETH W FOWLE, Boston, Mass.

HEDENBERG'S

PATENT AIR-TIGHT

PARLOR COAL STOVE.

THIS STOVE was patented by Mr F. HEDENBERG, of New York, in 1845, and was sold by him to a considerable extent in that city last winter giving entire satisfaction to those who used it.

The subscribers having purchased the right to vend the article in this city now offer them to the public with the fullest confidence that for Parlors, Chambers, Stores, Halls and Offices where little or no pipe, is to be used they are superior in point of economy, comfort and convenience to any other Stove now in the market.

The principle on which the Stove is constructed will commend it to the judgment of the scientific, while a moment's observation of one in operation will secure the admiration of the practical man.

A lengthy description of this article is unnecessary. We prefer that it should be seen, believing that it will be found to possess those qualities which all are looking in parlor and office stoves, viz beauty, durability, cleanliness, convenience in management and ability to radiate the largest possible amount of heat before it passes from the stove. By a constant circulation of air in the room through the Stove (entering under the base) around the cylinder which contains the fire, the air is kept in a state of the greatest purity.
